FIFE COUNCIL EDUCATION SERVICE

WHAT WE STAND FOR

The Education Service in Fife plays a key role in taking forward the wider aims of Fife Council. As part of the Education and Children’s Services Directorate, our vision and what we stand for is “Improving Life Chances for All”.

THE VALUES AND PRIORITIES OF THE EDUCATION SERVICE

Our approach towards “Improving Life Chances for All” is founded on the values of Compassion; Ambition; Respect and Equality as we develop the capacity of young people to become:

- Successful learners
- Responsible Citizens
- Confident Individuals
- Effective Contributors

The four priorities of the Education Service are Educational Outcomes, Employability skills, Equity and Equality and Enhancing Opportunities for Vulnerable Groups and Individuals.

The themes supporting the 4 priorities are shown below.

Dear Parent

Our School Handbook has been prepared to give you a flavour of the kinds of activities we have here in Caskieberran Primary School. It cannot cover every area and I would want to stress that our school community is a vibrant one in which everyone is encouraged to participate to the full.

Our school is very well supported by an active Parent Partnership who support the life of the school. An After School Club is based in the school, run by the Fife Childcare Partnership.

We strongly believe in working in partnership with parents. I am sure that your child will profit from being a pupil at Caskieberran and look forward to working with you to make the school experience a productive and enjoyable one. Here at Caskieberran, we all strive to do our best for the pupils in our care so that they have the opportunity to achieve their full potential throughout their time here. To that end, our school motto is “Be all you can be!”.

Yours sincerely

Elaine Smith

SCHOOL ETHOS

Vision, Values and Aims

At Caskieberran, we aim to provide a welcoming, supportive and nurturing school where our children are encouraged to be all they can be to ensure positive destinations for all.

Aspiring to ‘Be All We Can Be’

Our core values are that we are ambitious for our children and nurturing in our approach. At Caskieberran, we are keen to promote our school values in all we say and do.

Context

Caskieberran Primary School serves a residential area in the north western part of Glenrothes.

The school has a roll of approximately 267 pupils and our nursery caters for up to 58 three and four year olds per session and currently has 60 children. Caskieberran is associated with Glenrothes High School along with Rimbleton, Pitcoudie and South Parks Primary Schools.

Scottish Attainment funding has been used to support development and continuation of our nurture area called the 'The Hive' which benefits all pupils as well as supporting identified individuals and groups of children in a variety of ways. Our recently established Sensory Room supports targeted pupils, and our sensory reading room 'The Snug' provides a further nurture space.

Our school also places a strong emphasis on Career Education. Skills for learning, life and work are promoted in our skills-based classroom Room 4 called the ‘B Hive’. This multi-purpose room allows children to experience a range of skills throughout the day and particularly at lunch time where it offers an alternative nurture space for children. Masterclasses also allow children to experience a wider range of activities and develop new skills.

Nurturing relationships are at the heart of all we do at Caskieberran.
BUILDING

Caskieberran Primary School serves a residential area in the north western part of Glenrothes.

The school has 14 classrooms, 11 of which have mainstream classes, 2 are used by the nursery and 1 is used solely by an After School Club. We have an established nurture area called "The Hive" which benefits all children as well as supporting identified individuals and groups of learners in a variety of ways. Alongside, we have a new sensory room and a beautiful, dedicated reading area called "The Snug".

We also have a skills based room called "The B Hive" which supports children at lunch time, as well as offering a range of activities.

Our playground has a new Trim Tail and Play Pod for children to enjoy and to promote active and creative play experiences.

For session 2019-2020, our nursery offers the following options: Morning or Afternoon sessions for 3 hours 10 min Monday to Friday, Morning or Afternoon sessions for 3 hours 58 min, Monday to Thursday and 2 full days either Monday/Tuesday or Wednesday/Thursday. The nursery makes good use of the enclosed outdoor area and has a wide selection of equipment there. Please note that from August 2020 we will offer 1 session, 9.00 am to 3.00 pm, Monday to Friday.

As a nursery and a school we make very good use of the local area to promote outdoor learning.

Other Information

It is important to us that parents and children have a positive experience of school. If parents/guardians have any queries/concerns they can contact us by:

- phoning the school office (01592 583418) or coming into the office to make an appointment to see the child’s teacher, the Headteacher (Mrs Smith), the Depute Headteacher (Mrs Cloy) or the Support for Learning Teacher
- contacting the Headteacher on caskieberranps.enquiries@fife.gov.uk
- phoning the school office to speak to the Headteacher
- writing a note to your child’s Teacher or the Headteacher

All concerns are addressed by the Class Teacher, Principal Teacher, Depute Headteacher or Headteacher, depending on their nature. Where appropriate, parents should always be given feedback on how the concern is being addressed.

Any prospective parent who would like to learn more about the school should phone the office to make an appointment to meet with the headteacher who can give them a tour of the school and answer any questions which may arise.

NAMED PERSON

The Children and Young People (Scotland) Act 2014 includes making a Named Person available for every child, from birth until their 18th birthday (or beyond, if they are still in school). In most cases, the Named Person will not have to do anything more than they normally do in the course of their day-to-day work.

Most children and young people get all the help and support they need from their families, from teachers and health practitioners, and from their wider communities – the Named Person does not change these roles.

However, some families may need extra help and that's where the Named Person comes in. This means that the child and their family have a single point of contact who can work with them to sort out any further help, advice or support if they need it.

The Named Person for your child is Mrs Elaine Smith (P4-P7) or Mrs Sarah Cloy (P1, P2 and P3).

ENROLMENT

Children who reach the age of 5 on or before 17 August 2020, must normally start school in August 2020. Children who reach the age of 5 after August 2020, but before 29 February 2021, may also start school in August 2020, though parents are not obliged to send their children to school until the first entry date after their fifth birthday.

Parents of children in either of these categories are asked to enrol their child at their catchment school before Friday, 31 January 2020.

Choice of School

Parents have the right to make a placing request for the school they wish their child to attend. This applies whether the child is about to start school or whether he/she is already attending primary, secondary or additional support needs school. Parents wishing to send their child to a school other than the catchment school should apply to the school of their choice as soon as possible and, in any case, before 15 March 2020. Parents must also enrol their child at their catchment school to ensure a place is available if a placing request application is refused.

Headteachers must provide information to parents on how to make a placing request for the school of their choice. In the case of children starting school for the first time ‘Choosing A School – A Guide for Parents’ is available online at www.scotland.gov.uk. Individual school booklets will be provided by the Headteacher of individual schools and can be accessed online at www.fifedirect.org.uk. School catchment areas can be accessed online at www.fifedirect.org.uk/catchmentchecker

APPLYING FOR A NURSERY PLACE FOR YOUR CHILD

From August 2020 the number of funded hours of early learning and child care for all three and four year olds as well as eligible two year olds will almost double to 1140 hours a year. This will provide families with greater choice and flexibility over how their child care needs are met. In order to ensure every three and four year old child has a nursery place, every child attending nursery between August 2020 and July 2021 needs to submit an application to their preferred preschool setting/s between 6th and 31st January 2020.

Three and four year old intakes

What are my options for early learning and childcare?

Fife Council are providing the following three options in your local area.

1. Term time (38 weeks a year) – 5 days a week, Monday to Friday from 9:00am to 3:00pm.
2. Full Year (46 weeks a year) – 2 ½ days a week, Monday/Tuesday full days from 8:00am to 6:00pm, and Wednesday morning ½ day from 8:00am to 12:48pm or Wednesday afternoon ½ day from 1:12pm to 6:00pm, and Thursday/Friday full days from 8:00am to 6:00pm.
3. Full Year - (49 weeks a year) – ½ day sessions - Monday to Friday morning sessions from 8:00am to 12:40pm or Monday to Friday afternoon sessions from 1:20pm to 6:00pm.

You may also access your funded 1140 hours early learning and child care from a private
nursery or play group or childminder in partnership with Fife Council. It will also be possible to share hours between different early learning and child care providers.

Extended and wraparound early learning and childcare will also be available in some nurseries where there is capacity. You will be informed if this is available in your nursery once you have accepted a place for your child. You can then choose to pay for additional hours over and above your entitlement, where this service is available.

You are asked to provide five choices on your application form as some nurseries or session times may be oversubscribed. In the event we are unable to offer you your first choice, we will then look at your other nursery choices to see if we can offer you one of these.

An admissions policy is in place to ensure fairness when allocating places – this can be found at www.fife.gov.uk

Applications for Fife Council nurseries for three and four year olds must be received by the 31st January 2020 in order to be included in the process which allocates places for the following academic year. Late applications received on or after the 1st February 2020 will not be considered until after the full application process has taken place for this age group.

Applications for private nurseries, play group and childminders in partnership with Fife Council should be made directly with individual establishments and services.

Families with children who currently attend nursery and are due to return for their preschool year in August 2020 will be eligible for 1140 hours of funded early learning and child care. Therefore, families who wish for their child to attend a Fife Council nursery will be required to make a new application for their child in January 2020.

**When should my child start nursery?**

- Nursery intakes take place three times during the academic year. If your child was born between 01/03/2017 and 31/08/2017, they will be eligible to access funded ELC from August 2020.

**How to apply**

Application forms are available from all Fife Council nurseries, local council offices or online at www.fife.gov.uk. - Religious requirements

WATER IN SCHOOLS SCHEME
All pupils have access to chilled water throughout the school day.
CURRICULUM

Fife schools follow Curriculum for Excellence, a national framework which is providing our children with learning experiences and opportunities to prepare them for learning, life and work in a changing world. Children learn actively in eight different curricular areas following a curriculum designed by each school to reflect their particular needs and circumstances.

All schools follow the same principles in designing the curriculum, aimed at ensuring that children have the experiences and opportunities to become –

- Successful Learners
- Confident Individuals
- Effective Contributors
- Responsible Citizens

Literacy, numeracy and health and wellbeing are addressed throughout the curriculum and children’s wider achievements are fully recognised and celebrated, reflecting the value given to wider learning and children’s experiences out of school.

Children are fully consulted throughout their learning and in decisions about what they learn and how they learn it. There are opportunities throughout the school year for parents to receive information and be consulted upon the curriculum children are following, particularly in relation to more sensitive aspects of learning.

Religious and moral education is a core subject for all pupils attending primary and secondary schools in Scotland. Schools also provide opportunities for religious observance in order to promote the spiritual development of the school community. Parents can choose to withdraw their children from participation in religious education or religious observance. Parents wishing to do this should contact the headteacher. The school will make arrangements for pupils to participate in a suitable alternative activity.

Further information about the curriculum is available on the school website, and more general information regarding Curriculum for Excellence can be found at Parentzone (http://www.educationscotland.gov.uk/parentzone), a national resource developed by Education Scotland on behalf of the Scottish Government.
ASSESSMENT AND REPORTING

Assessment

Broadly, across Fife primary schools two forms of assessment are used to support your child's development:

Summative assessment - which focuses on measuring current performance in terms of how successful the learner has been measured against national benchmarks, and formative assessment which gathers information about pupils’ learning which is then used to help plan next steps in learning. Both types of assessment help teachers improve their teaching and the support they give to their pupils.

Summative assessment takes the form of standardised classroom based tests which measure how well your child is performing for their age and stage. Their purpose is not to compare your child with others but to provide the school with information to ensure that your child's learning needs are being addressed.

Formative Assessment is an integral part of your child’s day to day learning and provides a range of information to support your child in moving their learning forward. This less formal assessment takes many forms including observing children’s engagement in classroom tasks and providing individual feedback to pupils to support them in identifying their own next steps in learning.

Reporting

In all Fife schools teachers’ reports about each pupil’s learning play an important part in providing useful feedback about learning, for parents and carers and for other teachers and adults concerned with the young person’s learning, progress and achievements.

Effective, constructive feedback to parents should be clear, positive, specific, supportive and give an honest appraisal of pupils’ progress. Feedback will be provided for parents at parents’ meetings and in formal written reports. Formal written reports will be based on the personal learning planning and informal records that have been shared with pupils and parents regularly throughout the year. Reports provide an overall summary of progress, achievements and next steps in learning in line with Curriculum for Excellence.

Within our school we also hold an Open morning, an Open afternoon and an Open evening at which parents have the opportunity to come into the school and share in their child's learning. Our Open evening is also used as a platform for sharing some of the major curricular areas with parents to give information on current developments such as Curriculum for Excellence, Literacy, Numeracy and Health/Wellbeing approaches.

Individual classes may also invite parents along to showcase some of the enterprising learning which takes place throughout the school or to share some of their classroom learning in the form of Sharing the Learning sessions for parents.
INSTRUMENTAL INSTRUCTION

Children who show musical promise may qualify for instrumental instruction. The types of instrument offered by Fife Education and Children's Services are violin, viola, cello, double bass, clarsach, woodwind, brass, piano/keyboard, bass guitar, guitar, percussion, chanter and pipe band drumming. The type of instrument available differs from school to school and generally only one type will be available to children in a school.

There is a charge for tuition. The rate may be subject to change, but the current rate would be notified at the time of interview. This may be paid in instalments or by Direct Debit and concessions may be available.

Please tell the Headteacher if you do not wish your child to be considered for instrumental instruction.

ATTENDANCE

If your child is enrolled in school, you are legally obliged to send your child to school on a regular basis. To prevent any misunderstanding, please contact the school immediately if your child is not able to attend. Please send an explanatory note with your child when he/she returns to school; otherwise the absence will be recorded as unauthorised.

In occurrences of long term illness it may be possible for instruction to be given at home on a part-time basis.
HEALTH CARE

Should your child be taking medicine or have a medical condition which might affect his/her school life, it is essential that you notify the school of the condition and its implications. This information will be treated in strictest confidence to ensure the wellbeing of your child. Where necessary an Education Health Care Plan will be developed for your child in consultation with you and relevant health services.

Should your child become ill or have an accident while at school that requires medical attention, we shall:

- try to contact you by telephone, if this is possible, or arrange for a message to be sent to you.
- telephone the health service, if necessary, and arrange for your child to be taken by you or someone else nominated by you for medical attention.

From time to time children are offered a medical examination or review by the schools Community Paediatrician or School Nurse from the School Health Service. These can be either routine examinations carried out for all children, or where a health concern has been identified. As parent/carer you will be notified in good time so that you may be present if possible.

School Nursing Service

Each school has access to the school nursing service. If you wish to contact your School Nurse please speak to your school.

School Based Immunisation Programmes

All pupils will be offered to participate in The Scottish School Based Immunisation Programme that is led by Fife Health & Social Care Partnership in partnership with education.

Parents will be notified and invited to participate by the Centralised Immunisation Team when the age appropriate immunisation programme is to take place within their child’s school.

CHILD PROTECTION

Our school, like all schools in Fife, is concerned with all aspects of a child's health and wellbeing. We aim to provide a safe and supportive environment and work together with other agencies to ensure that all children are safe and protected from harm. The school follows the Education and Children's Services Child Protection Guidelines in all aspects of Child Protection and Care and Welfare. Our school has a child protection co-ordinator (Mrs Elaine Smith) who will deal with all child protection issues and with whom any concerns can be discussed.
TRANSPORT

Our current policy offers free home-to-school transport to primary school children who attend their catchment area school and live more than one mile from it and to secondary school children who attend their catchment area school and live more than two miles from it. Distances are measured by the shortest available walking route for an accompanied child. However, if you choose a school other than your catchment area school, the Council will not provide any assistance with the cost of transport.
SUPPORT FOR PUPILS

Some children require additional support to make progress in school. Such support takes a range of forms – extra consideration by their class teacher, use of IT to support learning, support from a Pupil Support Assistant, time with a support teacher and in a few cases an alternative placement to, for example an additional support needs class. In some cases help may be provided from services external to the school such as the Psychological Service or by the Supporting Learners Service.

If you are worried about your child’s progress and think he or she might have additional support needs you can either raise this with school staff at a parent’s evening or make an appointment to discuss this at another time. School staff will listen closely to all your concerns and together you can decide on the next steps. Ongoing support will be co-ordinated by the headteacher of the school.

Each class teacher will ensure learning needs are met in their class and be aware of any concerns about a pupil’s wellbeing.

If you would like to know more about how additional support needs are identified and assessed please contact the headteacher of your child’s school. Further information may also be available from the school’s link Educational Psychologist and the Learning Support Teacher.

The Additional Support for Learning Act

If you are concerned that your child/young person has additional support needs you can request, by writing to your school, an assessment to decide if there are additional support needs. If your child has additional support needs which are long term and involve a number of services, you can ask for a coordinated support plan to be established.

Schools in Fife work in partnership with parents and aim to agree with you the best way forward for your child. Where agreement cannot be reached between you and the school, it may be helpful to involve an educational psychologist or education officer. The school may suggest this, or you can request such involvement. Where a disagreement persists, relating to additional support needs, you are entitled to free independent mediation.

You can also ask for independent adjudication for disputes about how the local authority is exercising its functions under the Education (Additional Support for Learning) (Scotland) Act 2004 as amended 2009. Additional Support Needs Tribunals can be accessed for disputes relating to Coordinated Support Plans, including placing requests where there is a CSP.

If you require further information about any of the above you can contact Alistair Haldane, Education Manager at Alistair.Haldane@fife.gov.uk or on 03451 555 555 Ext 444224.
Parents can also contact Enquire - the Scottish advice service for additional support for learning. Operated by Children in Scotland, Enquire offers independent, confidential advice and information on additional support for learning through:

EQUAL OPPORTUNITIES

Fife Council’s schools promote Equal Opportunities for all pupils. All schools take problems of bullying and racism very seriously, and have procedures for dealing with hate incidents and supporting pupils and parents.

PARENTAL INVOLVEMENT

In Caskieberran Primary School, we are wholly committed to engaging with and working closely with parents to ensure the most positive outcomes for the children in our shared care. We have an active Parent Partnership which works tirelessly to give the children and the adults in the community opportunities through fundraising and organising events such as discos, fairs, pamper evenings, family quiz nights. The Parent Partnership meets once or twice a term and are always on the lookout for new members to become involved.

Parents have a range of opportunities to get involved in the life of the school on an occasional or regular basis. We have parents and helpers as members of our school committees and activity groups. We often ask for adults to help accompany classes on school outings or to help out with special events or regular outings.

At the beginning of each session, our first parents’ evenings in September are "meet the teacher" times to learn about class routines and how the children are settling in. We hold a second set of parents' evenings in March to discuss progress and our Open sessions are held each term to encourage as many parents as possible to see for themselves the work which goes on in the school.

We have a strong Nursery to P1 transition programme and there are meetings for nursery
parents held in June before the transition and in the following August when the children have begun P1 to answer any questions and share the learning the children are experiencing. If your child does not attend our nursery but will be coming to Caskieberran as a P1 pupil, we can identify opportunities for your child to take part in the transition programme. Please phone the school office and make an appointment to meet with the headteacher or the nursery teacher to discuss arrangements.
THE SCHOOL TO WHICH YOUR CHILD WILL TRANSFER

On completion of primary education the normal arrangement is for children to transfer to the catchment secondary school associated with their home address. However parents can make a placing request to attend a secondary school other than the catchment school and further information on how to do this is available in the booklet, Choosing a school – a guide for parents, which is available online at [www.scotland.gov.uk/Publications/2010/11/10093528/0](http://www.scotland.gov.uk/Publications/2010/11/10093528/0).

DEFERRED ENTRY TO PRIMARY SCHOOL

Currently children with January or February birthdays are entitled to a further year of funded nursery education at parental request within a local authority or a Partner Provider nursery.

Parents of children who are 5 after the start date of the new school session and on or before the 31 December are not entitled but can request a discretionary additional year in nursery for their child. Requests are not always approved. Decisions on deferred entry requests are made by Education Managers based on information provided to them including assessment by the Headteacher and staff of the nursery, and at times the link educational psychologist.

A deferred entry to school has significant implications for any child and these decisions are not taken lightly. There needs to be careful consideration of how a child’s needs can be best met, with full knowledge of the support that can be provided within a nursery setting, a mainstream primary school or a more specialist provision. If a school deferral is considered to be in a child’s best interest, existing resources are used to accommodate the additional year within a Fife Council nursery.

Parents should speak with their nursery Headteacher if they have any concerns about their child starting school or should they wish to find out more about deferred entry to school. Further information on deferred entry can be found on Fife Direct.
SCHOOL IMPROVEMENT

The annual Standards and Quality Report and School Improvement Plan reports on our main targets and achievements in the previous academic year and shows how we are planning for future improvements. All parents receive a summary of this document and the full document is available as a hard copy in school for parents to read if they request it.

Parents, pupils and staff are regularly consulted on how they think we are doing and what we need to do to improve through questionnaires, feedback from events and in dialogue with school staff. All of this feeds into our plans for improvement over the next three years.

DATA COLLECTION

Fife Council collects information on pupils, parents and other carers to enable the provision of educational and other support services including personal data, contact details, pupil’s attainment records and health information.

We are keen to help all our pupils do well in all aspects of school life and achieve better exam results. Sometimes the best way is by sharing information with our partner agencies including NHS Fife, Fife Constabulary, Careers Scotland and the Scottish Government Education Department. These agencies have a responsibility to protect children, young people and vulnerable adults and sharing information between agencies helps to do this. Examples include: the provision of dental services, immunisation programmes and road safety campaigns.

The benefits of data sharing.

Sharing information between partner agencies ensures integrated service provision which provides a positive contribution to the safety and well-being of children and young adults.

Data sharing helps:

- protect children and young people from suffering harm, abuse or neglect;
- ensure children and young adults with additional needs get the services they require;
- enable pupils to achieve their academic potential and attain their goals;
- plan future services

What information can be shared?

Information collected through enrolment forms or provided by parents and other carers will be held on computer systems and used within Fife Council for the purposes of furthering education and training, pupil care, career guidance, health monitoring and Parent Council elections and advice.

Information will be shared with partner agencies when there are clear concerns about the care, safety and welfare of children, young people or vulnerable adults and to aid careers planning. If you have any questions or comments on the information we share please contact David Smith, MIS Team Leader at education.data@fife.gov.uk

Personal data will not be shared out-with the above circumstances and information will not be disclosed to any third parties except where permitted or required by law or where informed consent has been received. The uses of the information are covered by the Council’s registration under the Data Protection Act 1998.
